

## CHAT-BOUBOULE

### One shot

#### Pitch :

Comical, a tad devilish and chronically overweight (but he's fine with that) : *le chat bouboule* is king of his castle ! He is the actual star of the house, and even when he has to go along with the nutty ideas of his « masters » (including the children), he never departs from his majestic air. Nathalie Jomard sketches the adventures of Chat Bouboule in her unique style, at once whacky and elegant.
