Chroniques d'une mère indigne 1 volume

THE CHRONICLES OF AN UNWORTHY MOTHER

"Putting your baby to sleep is a real nightmare. Going clubbing with your girlfriends while your husband is staying home with the kids is awesome. There is nothing wrong with sending explicit text messages to your husband while he is feeding the kids..." These are the kinds of little sins that are revealed in this comic-book, which is so realistic that we can't stay mad at this mom who has so much in common with her female readers!
