

Author:
Asaf Hanuka

- Critically acclaimed
- shortlisted for the « best album award » in Angoulême 2015

KO A TEL AVIV

2 volumes published, 3rd volume in 2016

Pitch :

K.O IN TEL-AVIV recalls the big and small daily struggles of a young Israeli father, of a citizen, of a man – and asks big questions : *How can one be an Israeli citizen nowadays ?*

How can one live in a country at war, considered as one of the most dangerous in the world ?

This autobiographical comic series start with a fight: Asaf, his wife and their little boy have to find a place to live in Tel Aviv. Anxiety starts gaining ground: he needs to provide for his family, answer his son's questions, and try to put a bit of order in the chaos of his life, his city, his country...

Darkly humorous, surrealistic, tender, offbeat, funny and honest all at once, *K.O. in Tel Aviv* is an immersion in Israeli daily life as well as in the twists and turns of the (lively) inner life of its author.
