## POKER FACE

2 VOLUMES PUBLISHED, COMPLETE STORIES

*Genre : Thriller*

### Pitch :

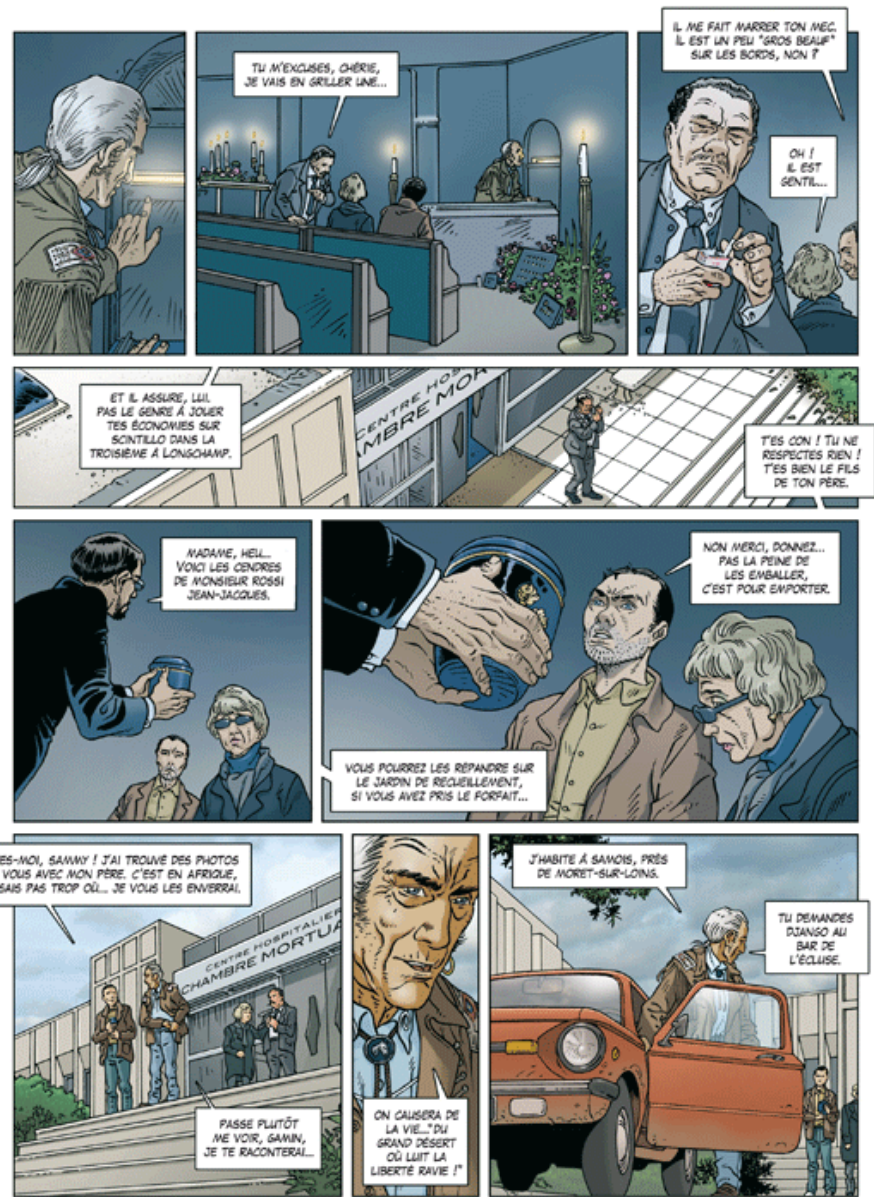

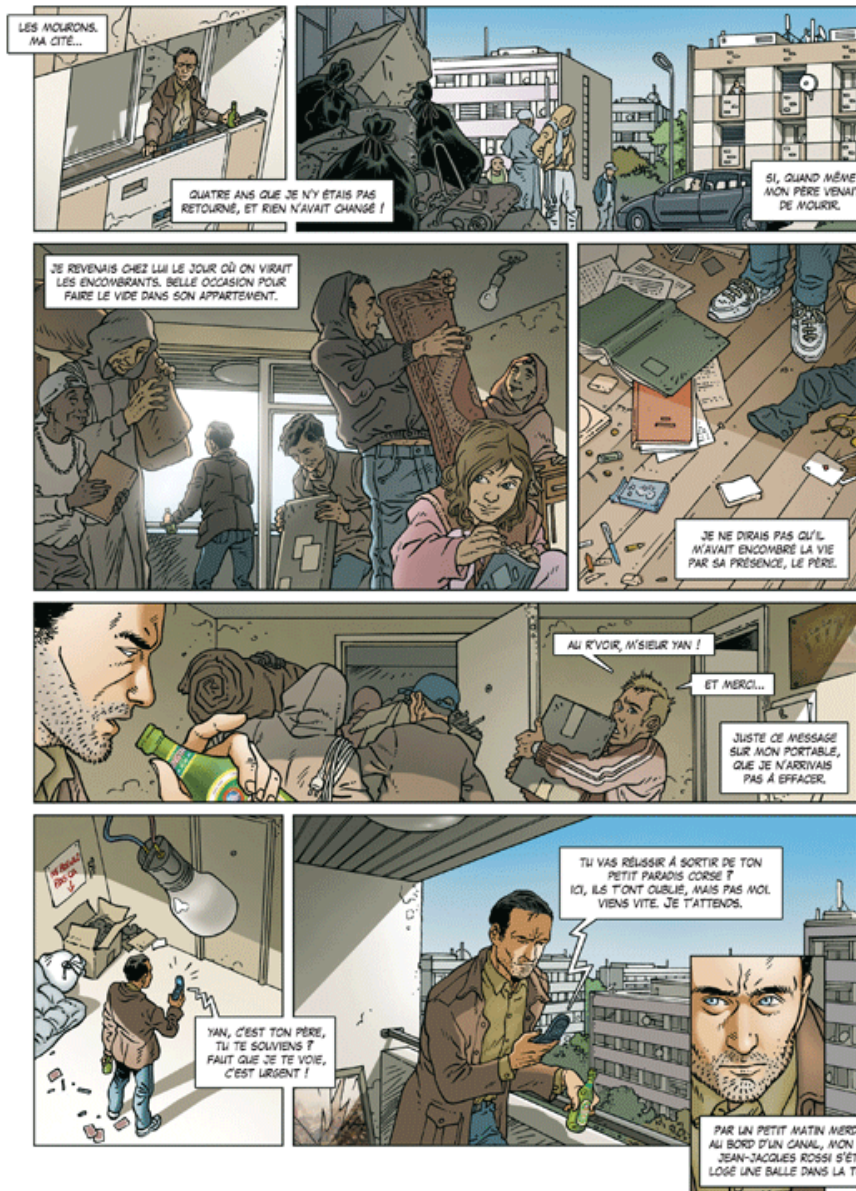

25-year-old Tony Duarte is brutally confronted with his painful past. His father, an alcoholic and a big-time gambler known as Monsieur Jacques, has just shot himself in the head. He had deserted his wife and son for years, but Tony decides on the spot to start digging up the past of his lying, cheating but also flamboyant father... whom he actually missed. He meets Lydia, his father's last girlfriend. She is working in an underground gambling circle, and she doesn't really believe in Jacky's suicide. She is murdered before she gets a chance to make revelations to Tony. He also meets Honoré Balzac, an exuberant character who organizes a poker game from which Tony isn't sure he will come out alive...
